- If at least one student of the New Family is entering grades 1-12, both the New Family and the Referring Family will receive a \$500 referral discount off of tuition for the corresponding school year.
- If the New Family has only one student and they are entering Kindergarten, the Referring Family will receive the \$500 referral discount however; the New Family will not receive a referral discount as Kindergarten is already discounted 50% and no further discounts will apply.
