## V. Old Business

- A. *Diocese Meetings - Presidents/Principals/ADs recap*

  - 2. *Regis doesn't have anything to be concerned about at this time.*
  - 3. *Student Information System-looking to consolidate across the diocese, however, we disagree that it would be helpful at the system level.*
  - 4. *AD meeting (modesty)-Modesty in athletics conversation was steered towards the education behind why modesty matters rather than just making decisions in regard to what athletes will wear. Future conversations with the Bishop and Tom will occur and decisions still need to be made. Conversations are ongoing.*
  - 5. *NIL-Name Image and Likeness was discussed, 9 student athletes with NIL deals (\$1000 or less per deal on average)*
  - 6. *Contact Hours-Desire for consistency among system schools in the Diocese for summer contact days, decisions have not been determined for the Diocesan level. Discussion asked if MACS and Regis could be consistent.*
- B. *Graduate Surveys - 8 year analysis of students 2 years post HS*
  - 1. *Reviewed Postgraduate Survey (2 year) results*
  - 2. *Discussed trends and how we use the data. The group felt the visual trends were helpful.*
- C. *4K Conversations*
  - 1. *Discussed 4K at our various sites, discussed potentially adding it to IC-not at this time but possibility for the future,*
  - 2. *Wisconsin Parental Choice Program is expanding to our current 4K for SM and SJ instead of K-12 as was in the past. New information has come out about the enrollment period and we will be able to share at next month's meeting.*
