Instructional Setting

St. Mary's Elementary School serves 117 students in grades 3K-5 in average classes of 14 students. There is one classroom of each grade level. Our average attendance rate is 97%. Throughout the course of the school day, students study English/Language Arts, Religion, Mathematics, Science, Social Studies, and complete a rotation of art, physical education, Spanish, guidance, library and technology classes each week.

Each year, the Wisconsin Department of Instruction releases school report cards for each district in the state.

As part of the state accountability system, the Department of Public Instruction (DPI) produces report cards for every publicly funded school and district in Wisconsin. These Accountability Report Cards include data on multiple indicators for multiple years across four Priority Areas (Student Achievement, Growth, Closing Gaps, and On-track and Post-Secondary Success).

In addition, given the impact on student success, the Accountability Report Cards also measure chronic absenteeism and dropout rates. A school or district's Overall Accountability Score places the school/district into one of five Overall Accountability Ratings.

Please note that because we do not receive an all-school report card, only students who attend Regis Catholic Schools under the Wisconsin Parental Choice Program will have data on the report card. Some schools, because of the size or grade range, do not have enough data to receive a score. Private schools with insufficient data are not rated. We have published the information below in an effort to transparently communicate accurate information about our state assessment performance. Please direct any questions regarding school performance to the contact above.
