Stick to the schedule prescribed by your doctor. This helps your medication do its job and prevents hospital visits. Talk to your doctor or pharmacist if you have questions.

Start a reminder system. Set your mobile device or computer to tell you when it's time to take your medication. Writing reminders on sticky notes or your calendar works, too.

Get help for side effects.

If you experience side effects, don't stop taking your medication. Call your doctor, talk to a pharmacist at CVS Pharmacy or contact a pharmacist with the *Ask a Pharmacist tool* at **Caremark.com**.
